# Funnel Drop-off / System / User cancelled Surveys

# Overall observations

## KEY REASONS FOR NOT COMPLETING LOAN APPLICATION

- Consumers from different drop-off stages quite consistently mentioned that they – **faced issues with the app** and **didn't know how to proceed**.

## % CONSUMERS LOOKING FOR LOANS POST DROP-OFF

- Other than ENACH, % of consumers looking for a loan at all stages is seen to be ~45% to 50%, at **ENACH stage this drops to 34%**.
- Thus, % of consumers who **took loan from other lender shows an uptick at ENACH** stage
- This suggests that **consumers who reach ENACH stage are more serious, and exploratory** & they choose best out of the available options.

# Stage-wise Observations : Funnel Drop-off

## Personal Information stage : *faced issues on the app and hence were unable to proceed*

Core reason for not being able to proceed further was- ~50% users **faced some issue on the app** or did not understand how to proceed from this stage.

Almost ~39% of users found the **application process lengthy**. It was also one of the top things they did not like about MoneyView.

There is a reluctance towards sharing **sensitive information** amongst consumers and thus didn't complete their application

| Why did you not check your eligible loan offer?        | C1 (9166) | C2 (1045) | C3 (688) |
|--------------------------------------------------------|-----------|-----------|----------|
| I tried, but faced some issue on the app               | 33%       | 32%       | 34%      |

|                  |                  |                 |
|------------------|------------------|-----------------|
| March 1 - May 15 | July 1 - Sept 15 | Sept 16 - Dec 8 |
|------------------|------------------|-----------------|

## KYC stage: *faced issues on the app and did not know how to proceed*

The top reasons for not completing application were that users either faced an **issue with the app** or they **could not understand how to proceed** forward.

Users faced **issues with their documents** like PAN, Aadhaar, or bank statement on the app.

There were significant **issues with server and platform**. ~27% users reported an issue of the server/ or claimed they got an error message.

*“I was not able to upload documents in app. Tried several times. Now I have forwarded my documents through email to money view email, error on every single page”*

- A user mentioned when asked about issues faced

| Why did you not complete the loan application?                | C1 (741) | C2 (1568) | C3 (2808) |
|---------------------------------------------------------------|----------|-----------|-----------|

|------------------|------------------|-----------------|

## E-NACH stage: *got stuck, didn't know how to proceed*

44% users **faced an issue with NACH set up.**

The **top 3 issues** faced were:

- **Getting stuck** on the page
- Issues due to **inaccessibility to cards.**
- Issues with **server or error message.**

Amongst those who did not like MoneyView-

- ~30% found the **customer support** unhelpful. A few of them also said they faced communication barriers at different stages.
- At the E-NACH stage, **trust factor and consideration for Money View weakened** compared to other stages. Also less people were still looking for loans, they **went elsewhere.**

“NACH form [was] unable to download.”

- A user mentioned when asked about issues faced

| Why did you not complete the loan application?                  | C1 (-) | C2 (4401) | C3 (8447) |
|-----------------------------------------------------------------|--------|-----------|-----------|

System Cancelled /  
User Cancelled

# System and user cancelled: *Faced issues on the app, high ROI and low loan amount*

Key reasons for not completing application are-

- **Issue with app/ did not understand the process**
- In **user cancelled**, across categories **not getting desired loan amount** seemed to a major concern
- For **category A/B** across both system/user cancelled **high ROI** seemed to be a concern.

System cancelled users are **more likely to return to MoneyView** than user cancelled users.

The **top three requirements** while taking a loan are-

- **low rate of interest**
- **fast approval of loan**
- **higher loan amount**

Requirement of **higher loan amount** is seen to higher amongst consumers of **CAT C/D**

|                                                                      | (System cancelled) |         | (User cancelled) |         |

# System and user cancelled Cat A vs B: *While CAT B is facing issues with the app; CAT A finds the ROI to be high*

Key reasons for not completing application are-

- While **CAT B** consumers highlighted **issues with the app/ difficulty understanding the process**; **CAT A** consumers find **ROI/processing fees to be high** – seen in both user and system cancelled
- Amongst **user cancelled**, both **CAT A & B** flagged that they were **not getting the desired loan amount**

More number of Cat-B users are **likely to come back to MoneyView** in the future.

The **top three requirements** for both Cat-A and B while taking a loan are-

- **low rate of interest**
- **fast approval of loan**
- **higher loan amount**

However, the preference for **fast approval is higher in Cat-B** than Cat-A in case of system cancelled users.

|                                                                      | (System cancelled) |       | (User cancelled) |       |
|----------------------------------------------------------------------|--------------------|-------|------------------|-------|
| Why did you not complete the loan application?                       | CAT A              | CAT B | CAT A            | CAT B |
| Issue with app/did not understand the process                        | 22%                | 25%   | 14%              | 20%   |

# Top up Surveys

## Top-up drop-offs: *did not like the amount offered*

### Reasons for not continuing after checking offer:

- **Did not like the amount offered** followed by **faced some technical issues** – were the top reasons.

**62% users claimed to know about top-up** offer being generated every month.

**72% users are open to consider** top-up loan offers in future.

| You checked your 'Top-up' offer on the Money View App, but did not continue. Why? | C1 (1026) | C2 (1490) |
|-----------------------------------------------------------------------------------|-----------|-----------|
| I did not like the amount                                                         | 26%       | 30%       |
| I tried but had some technical issues on the App                                  | 18%       | 3%        |
| I was only checking. Don't need a Top-up offer now                                | 10%       | 15%       |
| I don't want to do documentation again                                            | 3%        | 2%        |

| Do you know, based on your repayment history, a new 'Top up' offer is generated every month? | C1 (1026) | C2 (1490) |
|----------------------------------------------------------------------------------------------|-----------|-----------|
| Yes                                                                                          | 63%       | 60%       |
| No                                                                                           | 19%       | 23%       |

| 'Top-up' provides higher amount on your existing loan at better interest rate and is pre-approved for customer who pay their EMIs on time. Will you consider taking a Top-up loan in the future? | C1 (1026) | C2 (1490) |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|-----------|
| Yes                                                                                                                                                                                              | 72%       | 72%       |
| No                                                                                                                                                                                               | 6%        | 6%        |

# Disbursed customers data

## Disbursed customers: *fast approval / instant disbursals are the top likes*

**SOA:** ~63% of CAT-A and CAT-B users discovered MoneyView on either **social media or on Play Store**. For CAT C/D instead of social media it's **more friends / family/ colleagues**.

### TOP REQUIREMENT (MV CONSUMERS CAT A/B and CAT C/D):

**Fast instant approval, less documentation and low ROI** are key requirement of our consumers in both segments, only slight changes in the order amongst CAT C/D.

| How did you find about Money View? (CAT-A)       | C1 (512) | C2 (513) |
|--------------------------------------------------|----------|----------|
| Social Media (Facebook, Youtube, Instagram etc.) | 34%      | 35%      |
| Play Store                                       | 31%      | 31%      |

| How did you find about Money View? (CAT-B)       | C1 (326) | C2 (358) |
|--------------------------------------------------|----------|----------|
| Play Store                                       | 35%      | 30%      |
| Social Media (Facebook, Youtube, Instagram etc.) | 28%      | 28%      |

| How did you find about Money View? (CAT-C) | C1 (1836) | C2 (2240) |
|--------------------------------------------|-----------|-----------|
| Play Store                                 | 34%       | 34%       |
| Friends/ Family/ Colleagues                | 26%       | 26%       |

| How did you find about Money View? (CAT-D) | C1 (232) | C2 (344) |
|--------------------------------------------|----------|----------|
| Friends/ Family/ Colleagues                | 33%      | 32%      |
| Play Store                                 | 33%      | 29%      |

| Which all factors are important to you for selecting a personal loan lender? | CAT A (1025) | CAT B (684) |
|------------------------------------------------------------------------------|--------------|-------------|
| Fast/Instant Approval                                                        | 70%          | 66%         |
| Less Documentation                                                           | 51%          | 47%         |
| Low rate of interest                                                         | 40%          | 45%         |

| Which all factors are important to you for selecting a personal loan lender? | CAT C (1836) | CAT D (232) |
|------------------------------------------------------------------------------|--------------|-------------|
| Fast/Instant Approval                                                        | 63%          | 74%         |

- Recommendations made to be **used by product, marketing and design** teams.
- Since we are doing all survey once every quarter, it will **help us to measure the impact**, based upon the recommendations being made every quarter.

Thank you
